

Rider Alert #7

Social Distancing Enforcement

Effective immediately, GTA buses will decrease seating available on buses by at least half to comply with the social distancing regulations. There are designated seats in each bus to sit in. If a particular route has more passengers than seating allows, drivers will board passengers prioritized by those needing to perform essential business. Those with non-essential and lesser priority needs will be required to wait for the next bus.

Please remember Governor Inslee has mandated that all persons stay at home unless performing essential business. (Grocery shopping, pharmacy needs, medical facilities or travel to an essential place of work).

Fare-Free service has begun. We ask that you board the bus quickly and move to a designated seat. In buses that have rear entry doors, please board at the rear entrance. **Please remember if you are sick, avoid using public transit. Stay Home, Stay Safe!**

Thank you for your understanding and cooperation to keep our drivers and passengers safe.
